

The Holding Discipline

The Ecosystem Architecture

Separating the measurement of capability from the recognition of mastery and the granting of commercial rights.

Certified Capability™

The definitive measure of foundational knowledge, deep application, and systemic contribution.

Certification Designation™

The formal, tiered recognition of mastery spanning Level 1 through Level 4.

Eligible License™ & Asset Package™

The commercial rights and tangible toolkit granted to execute the discipline in the real world.

Measuring Mastery: The Capability Dimensions

Foundation

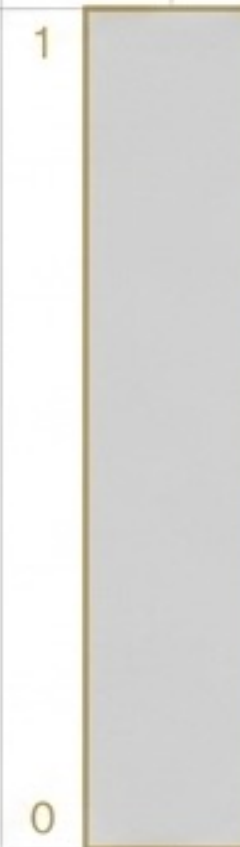

The core theoretical and practical understanding of The Holding Discipline™.

Deep Application

The demonstrated ability to execute and adapt these principles in complex, real-world scenarios.

Contribution

The ultimate capstone. Measures active advancement and systemic contribution to the discipline itself. Reserved for the pinnacle tier.
